Dear Mark,

I would like to thank you for your past, present and ongoing business relationship.

Since the early to mid-1990's you have manufactured, machined and repaired components required for us to build, maintain and repair the Gregory sewage ejector systems that we specialise in.

Your pricing, quality and delivery times have always been very good.

I hope that we can continue our strong relationship for many years to come.

Kind Regards,

Michael Zavaglia
